Within this packet you will find tools for school personnel and administration that will provide training on the S.A.F.E. steps:

- Stay with the student
- Access help
- Feelings: validate them
- Eliminate lethal means

Pretest and Posttest: To be distributed to all participants in the trainings; both Level 1 and Level 2. The trainers will develop increased confidence and competence because of the School Blue Envelope training.

Mini S.A.F.E Reference Card: To be printed four per page on blue paper. The small S.A.F.E. card can be issued to each person in the trainings for use as a reference card for those officially trained in the Blue Envelope process.

Level 1 School Safe Guidelines: To be used at Level 1 all-staff training. This form will guide initial and second responders with S.A.F.E. steps.

Columbia Questions and Columbia Response Guide: To be used for training; school administration, counselors and leadership. The two evidence-based tools provide specific questions to ask, a brief risk stratification and next steps recommendations.

Safety Plan: To be co-created by school personnel along with the student and/or family/support person. This document reflects the plan to keep the student safe if future events occur. It must be completed any time he or she is determined to be safe to return home. The only time you would not complete this form is if they were transferred urgently to a higher level of care; such as an emergency department or psychiatric facility.

Community Resource List: Provided as a resource list for student and family after a Blue Envelope event.

After a Blue Envelope Event: To be used for Level 2 advanced training for school administration, counselors and leadership training. The content in this form is also available with a school electronic link given to Level 2 responders to complete after event. De-identified, data trends, shared best practices and overcoming barriers will be reviewed regularly at county clinical review meetings 4 to 5 times each school year.
1. Training date (mm/dd/yyyy): ________________________________

2. For the purposes of matching your pre/post test, what is your email address? (this will not be shared) 

3. Profession:                                                                                                                                    Years in profession: _______
   A. Teacher
   B. Teacher aid
   C. Mental health professional
   D. Administration
   E. Administrative support
   F. Coach/athletics
   G. Bus driver
   H. Custodial/food services
   I. Other

4. School district: ________________________________

5. Type of Blue Envelope Training (circle one):
   A. New level 1
   B. New level 2
   C. Refresher level 1
   D. Refresher level 2

6. Have you had previous suicide prevention training? (Circle all that apply)
   A. Be nice.
   B. Blue envelope
   C. Mental health first aid
   D. QPR training
   E. Safe TALK
   F. Other
   G. None

Contact physician or if an emergency, call 911
Suicidal thoughts:
Use S.A.F.E. steps

S - Stay with the student
A - Access help
F - Feelings: validate them
E - Eliminate lethal means
Student has expressed thoughts of suicide or self-harm behaviors

**Student or parent/guardian is present in the office:**

- **Stay** with student: don’t leave them alone
- **Access** help: “I’m going to stay with you while we get help.”
- Contact second adult and/or main office with code words: blue envelope
- **Feelings**: “This is important. I’m glad you shared this.”
- Escort to the main office - “Let’s walk together to get help.”
- **Eliminate risk**: Ask student if they have any weapons, pills or other self-harm items in their possession.
- Remove lethal means if possible - if student refuses call 911 immediately
- Obtain phone number for parent/guardian

**If the threat is identified via text, email or social media:**

- **Stay** – Determine current student location and verify if they are with someone and safe.
- If student cannot be located, call 911 to report the concern and ask for a safety check.
- **Alert** another adult who can contact Level 2 team member of the situation.
- **Feelings**: “This is important. I’m glad you shared this.”
- “I am concerned about your safety. I will get help.”
- **Ask** student if they have any weapons, pills or other self-harm items in their possession.
- Remove lethal means if possible. If student refuses, call 911 immediately.
- If after hours: notify school administrator and/or parent. If no response, contact 911 for a safety check.

---

**Level 2 - Professional support staff or school administration speak with the student to assess:**

**Seating level | Protective factors | Release of information | C-SSRS | Determine next steps | Parent education**

<table>
<thead>
<tr>
<th>Low risk</th>
<th>Moderate risk</th>
<th>High risk</th>
</tr>
</thead>
<tbody>
<tr>
<td>Complete safety plan</td>
<td>Assess risk-protective factors – Decide if low or high risk steps are more appropriate</td>
<td>Facilitate immediate mental health evaluation – CMH or ED with verbal call ahead</td>
</tr>
<tr>
<td>Contact parent/guardian</td>
<td>Link with out-patient resources</td>
<td>Parent/guardian education</td>
</tr>
</tbody>
</table>

Eliminate lethal means

Suicide is Everyone’s Responsibility
See Reverse Side for Questions That Can Save a Life
Suicide ideation definitions and prompts:

<table>
<thead>
<tr>
<th>In the last month</th>
</tr>
</thead>
<tbody>
<tr>
<td>Yes</td>
</tr>
</tbody>
</table>

Ask questions that are in bold.

Ask questions 1 and 2 (in the last month)

1. Wish to be dead: Student endorses thoughts about a wish to be dead or not alive anymore, or wish to fall asleep and not wake up?

In the last month, have you wished you were dead, or wished you could go to sleep and not wake up?

2. Suicidal thoughts: General non-specific thoughts of wanting to end one’s life/commit suicide, "I’ve thought about killing myself" without general thoughts of ways to kill oneself/associated methods, intent, or plan.

In the last month, have you had any actual thoughts of killing yourself?

If YES to 2, ask questions 3, 4, 5, and 6. If NO to 2, go directly to question 6.

3. Suicidal thoughts with method (without specific plan or intent to act): Student endorses thoughts of suicide and has thought of at least one method during the assessment period. This is different than a specific plan with time, place or method details worked out. "I thought about taking an overdose but I never made a specific plan as to when, where or how I would actually do it….and I would never go through with it."

In the last month, have you been thinking about how you might do this?

4. Suicidal intent (without specific plan): Active suicidal thoughts of killing oneself and student reports having some intent to act on such thoughts, as oppose to "I have the thoughts but I definitely will not do anything about them."

In the last month, have you had these thoughts and had some intention of acting on them?

5. Suicide intent with specific plan: Thoughts of killing oneself with details of plan fully or partially worked out and student has some intent to carry it out.

In the last month, have you started to work out or worked out the details of how to kill yourself?

Do you intend to carry out this plan?

6. Suicide behavior question

Have you ever done anything, started to do anything, or prepared to do anything to end your life?

Examples: collected pills, obtained a gun, gave away valuables, wrote a will or suicide note, took out pills but didn’t swallow any, held a gun but changed your mind or it was grabbed from your hand, went to the roof but didn’t jump; or actually took pills, tried to shoot yourself, cut yourself, tried to hang yourself, etc.

If YES, ask: Was this within the past 3 months?

More than 1 year ago

4 to 12 months

1 to 3 months

| 1. In the last month, have you wished you were dead in the last month or wished you could go to sleep and not wake up? | Wish to be dead | Low | • Consider referral to social worker or outpatient mental health  
• Complete SAFETY PLAN with student/parent, provide copy and follow-up next day  
• Consider student/parent education and local resources with crisis contacts |
| 2. In the last month, have you actually had any thoughts of killing yourself? | Nonspecific thoughts | Low | • Consider referral to social worker or outpatient mental health  
• Complete SAFETY PLAN with student/parent, provide copy and follow-up next day  
• Consider student/parent education and local resources with crisis contacts |
| 3. In the last month, have you been thinking about how you might kill yourself? | Thoughts with method (without specific plan or intent to act) | Moderate | • Assess risk factors and protective factors to determine if low or high-risk disposition is more relevant – follow associated steps  
• Complete SAFETY PLAN with student/parent, provide copy and follow-up next day  
• Consider recommending a mental health evaluation with social work or at a community mental health organization |
| 4. In the last month, have you had these thoughts and had some intention of acting on them? | Thoughts with some intent (without specific plan) | High | • Facilitate immediate mental health evaluation with  
– Community mental health OR  
– Social work OR  
– Pine Rest Psychiatric Urgent Care Center OR  
– Emergency department  
• Educate student/parent on signs of suicide risk factors and safety measures with resources and crisis contacts |
| 5. In the last month, have you started to work out or worked out the details of how to kill yourself? Do you intend to carry out this plan? | Thoughts, intent with plan | High | • Facilitate immediate mental health evaluation with  
– Community mental health OR  
– Social work OR  
– Pine Rest Psychiatric Urgent Care Center OR  
– Emergency department  
• Educate student/parent on signs of suicide risk factors and safety measures with resources and crisis contacts |
| 6. Have you ever: Done anything, Started to do anything, or Prepared to do anything to end your life? | Behavior | | • Consider referral to social worker or outpatient mental health organization  
• Complete SAFETY PLAN with student/parent, provide copy and follow-up next day  
• Consider student/parent education and local resources with crisis contacts  
• Assess risk factors and determine if low or high-risk disposition is more relevant – follow associated steps  
• Educate student/parent on signs of suicide risk factors and safety measures with crisis contacts  
• Complete SAFETY PLAN with student/parent, provide copy and follow-up next day  
• Facilitate immediate mental health evaluation with  
– Community mental health OR  
– Social work OR  
– Emergency department  
• Educate student/parent on signs of suicide risk factors and safety measures with resources and crisis contacts |
**Safety plan**

**Step 1:** Warning signs (thoughts, images, mood, situation, behavior) that a crisis may be developing:
1. 
2. 
3. 

**Step 2:** Internal coping strategies – things I can do to take my mind off my problems without contacting another person (relaxation technique, physical activity):
1. 
2. 
3. 

**Step 3:** People and social settings that provide distraction:
1. Name __________________ Phone __________________
2. Name __________________ Phone __________________
3. Place __________________
4. Place __________________

**Step 4:** People whom I can ask for help:
1. Name __________________ Phone __________________
2. Name __________________ Phone __________________
3. Name __________________ Phone __________________

**Step 5:** Professionals or agencies I can contact during a crisis:
1. Clinician name __________________ Phone __________________
   Clinician pager or emergency contact # __________________
2. Clinician name __________________ Phone __________________
   Clinician pager or emergency contact # __________________
3. Local urgent care services
   Urgent care services address __________________
   Urgent care services phone __________________
4. Provide Suicide Prevention Lifeline phone: 1-800-273-TALK (8255) or text “HELP” to 741-741

**Step 6:** Making the environment safe (lock or eliminate lethal means):
1. 
2. 

**Step 7:** For referral information regarding ongoing behavioral health services:

**Step 8:** The one thing that is most important to me and worth living for is:
## Plan de seguridad

### Paso 1: Sinales de riesgos
1.
2.
3.

### Paso 2: Estrategias para manejar riesgos por mi cuenta – cosas que puedo hacer sin la ayuda de otros para distraerme de mis problemas:
1.
2.
3.

### Paso 3: Personas y espacios sociales que me puedan distraer:
1. Nombre: [___] Número: [___]
2. Nombre: [___] Número: [___]
3. Lugar: [___]
4. Lugar: [___]

### Paso 4: Personas a quienes puedo llamar para pedirle ayuda:
1. Nombre: [___] Número: [___]
2. Nombre: [___] Número: [___]
3. Nombre: [___] Número: [___]

### Paso 5: Profesionales o agencias que puedo contactar durante una crisis:
1. Nombre del médico: [___] Número: [___]
   Contacto de emergencia: [___]
2. Nombre del médico: [___] Número: [___]
   Contacto de emergencia: [___]
3. Local urgent care services
   Urgent care services address: [___]
   Urgent care services phone: [___]
4. Dirección del servicio de emergencia: [___] Número de servicio de emergencia: [___]
5. Red Nacional de Prevención del Suicidio: 1.800 TALK (8255) text 741.741

### Paso 6: Como puedo mejorar la seguridad en mi ambiente:
1.
2.

### Paso 7: Información sobre el seguimiento del cuidado de la salud mental:
1.
2.

### Paso 8: Una cosa que es lo mas importante para mi y vale la pena vivir:
[___]
1. Document event (student information/counseling log) include:
   • Columbia-SSRS results – suicide thoughts, intent, plan, student denies current risk, etc.
   • Safety plan completed?
   • Lethal means reduced and addressed?
   • Follow-up plan

2. Notify parent/guardian
   • Provide warning signs education and resources
   • Obtain release of information for seamless transition of care

3. Report unidentified incident data
   • Complete the school blue envelope data link
   • Attend clinical review meetings to review data trends, best practices and eliminate barriers to safe services
